נעשה EXPANSION

Eighteen years ago, M.O.R.C. opened its doors. Since then the Monsey community has grown exponentially קע"ה. Neighborhoods are sprouting in all directions, with many new families joining our community. This has precipitated an urgent need for expansion.

All community members should have the opportunity to observe the טהרת משפחה מצוה of in a timely and convenient manner. The time has come for us to rise to this new challenge.

Let us unite and expand the Mikvah together.

May Rav Neuschloss, זצ"ל, whose name has become synonymous with this מצוה, serve as a מליץ for all those who support this worthy cause.

May we all be blessed with שפע ברכה והצלחה.

Increase Construction...
Increase Appreciation...
Increase Observance...
Increase TAHARAH.

*This evening is being
dedicated in the memory of*

**רבקה שרה
בת ר' בצלאל**

ע"ה Mrs. Martha Margulies

Her life was an inspiration to all who knew her. Born in Vienna she came to England during the war as a child. Although she didn't have the benefit of a Bais Yaakov education, she lived her life with Emunah, Tehorah and Yiras Shamayim. She lived with the image of her ancestor, the heilige Chasam Sofer, before her. She was a true Baalas Achrayus who tried to fill every minute with Mitzvos and Maasim Tovim. She used the blessings she received from the Ribono Shel Olam to help others. Strong in her principles, unwavering in her Emunah, even in the face of adversity, she was kind and generous in her ways. Her life was a mission of Avodas Hashem.

DID YOU KNOW?

Over 100 prominent Rabbonim have given a Psak Halacha that each family **including those who are new to the area** should contribute \$500 to the Mikvah.

Yeshuos have been witnessed in all areas — children, refuohs, parnassa, shidduchim, shalom bayis and more. The bracha lives on.

גדולים צדיקים במיתתן יותר מבחייהן (חולין)

Just one of the many Yeshuos...

An unsolicited note was received at the MORC office. The following message was accompanied by a request that it be publicized.

“For years we endured the pain and heartbreak of childlessness. Then we realized that we had never paid the \$500 obligatory Mikvah building fee. We promptly pledged and — ומיד נושענו — we were immediately zoche to a ישועה without medical intervention!

“I send my humble blessing to all those who participate in the building of the new Mikvah — a blessing of long life, a good life, and much nachas from all their descendants. May they have abundant prosperity and fine and timely zivugim for all their sons and daughters.”

The M.O.R.C. meets the most exacting halachic standards and hiddurim.

M.O.R.C. is dedicated to meet the needs of the entire spectrum of our Jewish community including the handicapped.

Building a Mikvah takes precedence over building a Beis Medrash, buying a ספר תורה and other mitzvos.

THE M.O.R.C.
IS A COMMUNITY
PROJECT WHICH
BELONGS TO
EACH AND EVERY
ONE OF *US*

I was getting older and my father suggested that I make a contribution to the Mikvah. I listened, and wrote out a check. One week later I met my bashert.

"All those who participate in sustaining the Mikvah are assured of receiving their heart's desire for the good, fulfilled with great abundance, for the zechus harabim will be like a fountain overflowing with goodness."

HARAV YECHAZKEL
ROTH, SHLITA

We were suddenly confronted with a medical crisis. I went to the Tziyon of Rav Neuschloss זצ"ל. I poured my heart out and pledged towards the Mikvah. I begged ה' to have רחמנות. My medical problem disappeared! I feel it was the זכות of the Mikvah!

It is 3 years that I am doing Parnes Hayom for my mother's yahrtzeit... it makes me feel very close to her on that day...

A TIME FOR EXPANSION

Throughout the generations, Gedolei Yisrael have transmitted to us an attitude of particular 'hislahavus,' a fiery enthusiasm and single-minded commitment when the subject was Mikvah. It is told that the Chofetz Chaim zt"l once traveled with his son-in-law Harav Mendel Zaks zt"l to a city where he felt that the Mikvah required some improvement. Upon his arrival there, he gathered the rabbonim and community leaders to discuss the problem and work out a solution. Suddenly Rav Zaks noticed that it was nearly sundown, he and his father-in-law had not yet davened mincha. He bent over to whisper into the Chofetz Chaim's ear that they must recess the meeting to daven, after which they could continue. He was greatly surprised when the Chofetz Chaim expressed himself vehemently, that being involved in discussion about such an important Mitzva as Mikvah

they were not required to pause even if it meant they would not daven mincha that day!

We all know of the tremendous hasmada of the Chazon Ish zt"l, whose diligence in learning was like a beacon of light for all the generations. Yet when it came to Mikvaos, the Chazon Ish closed his gemara and spent weeks traveling the length and breadth of Eretz Yisroel to build new Mikvaos and to raise funds for their construction. He taught us that Mikvah is in a league by itself and if the building of a Mikvah requires it, we must give it our full attention even at the cost of our own interests.

May Hashem help us to be worthy students of our great teachers and show that we too have the proper devotion and enthusiasm for this great mitzvah!

**Let us unite, in this ultimate cause —
to expand the טהרת ישראל of מצוה.**

U can be a part of it!
